

FASTAK

WILDLAND

An ideal responder for challenging rural terrain as well as suburban and urban needs, bringing "big pumper" capabilities to the scene in a compact vehicle.

- Rugged Ford® F-550 Super Duty Chassis
- Aluminum extrusion framework provides optimum strength, durability and safety
- High-strength 1/8" (.125) 3003H-14 aluminum alloy body panels
- Pump options deliver water, CAFS, foam, and dry powder chemical suppressants
- Available in 2-door, 2-door extended cab and 4-door crew cab
- 2- or 4-wheel drive with automatic or standard transmissions
- Gasoline or turbo diesel engines available
- Optional high-angle rear body design
- Range of body options to configure a mission-specific, custom vehicle

FasTak utilizes the same extrusion framework as our largest E-Class Pumpers

Optional high-angle body design with full option control panel

Custom configurations for specific duties

2-door, 2-door extended cab, and 4-door crew cab available

FASTAK

These are the typical specifications for the FasTak:

CHASSIS: Ford® F-550 Super Duty. Automatic transmission. 2- and 4-wheel-drive capabilities.

CAB CONFIGURATIONS: Available in 2-door, 2-door extended cab and 4-door crew cab.

BODY CONSTRUCTION: Aluminum extruded frame, 1/8" aluminum body panels.

SUB-FRAME: Four 3" x 3" x 3/8" extruded cross-members; Body mounted to chassis using 4-point spring mounts.

FIRE PUMP: 120 GPM engine driven pumps to 750 GPM split shaft or PTO driven pumps. Available CAFS and injection foam systems as well as dry powder chemical delivery systems. Bumper mounted ground sweep nozzles and turret nozzles.

WATER TANK: Available from 200 to 500 gal UV resistant, non-corrosive polypropylene. Optional foam cells are integral to the booster tank, but don't reduce the tank's capacity.

COMPARTMENTS: 270 cu ft of enclosed storage, on both sides and in rear. Optional LINE-X interior coating provides the ultimate compartment protection. Lap-style doors with "D-Ring" handles; optional roll-up doors.

POPULAR OPTIONS: Optional 325 hp, 6.0 liter turbo diesel engine. Foam system packages. Emergency lighting packages. Generator and light tower packages. Front ground sweep nozzles. Transverse equipment compartments. Slide-out rear equipment drawer and tool boards. Multiple drawer storage units.
